FROM: Kenneth W. Boswell
Director

RE: Alabama Rural Health Transformation Program (ARHTP)
Application Workshops

A handwritten signature in blue ink, appearing to read "Ken Boswell", with a stylized flourish at the end.

The Alabama Department of Economic and Community Affairs (ADECA) will host in-person application workshops for the second five of the approved ARHTP initiatives. The workshops will also be accessible via Microsoft Teams at the same dates/times identified below. The one-hour workshop sessions will provide participants with a comprehensive overview of the Notice of Funding Opportunity (NOFO) and application process for each of the below initiatives. Each session will begin with a review of the key components of the NOFO, including the initiative's goals and objectives, eligibility criteria, funding levels, subaward structure, and reporting requirements. The session will then transition to the application process and will include a walkthrough of important submission details such as navigating the online application portal, understanding required documentation, and preparing a complete and competitive application. Additionally, we will outline the application review process, highlight important dates in the award timeline, and discuss what applicants can expect during the post-selection phase. Each workshop will conclude with an opportunity for participants to ask questions during a live Q&A session.
